

Medical Packaging Inc. (MPI) Pak-Edge™ UD Barcode Labeling Software

Pak-EDGE™ UD Barcode Labeling Software

Advanced barcode labeling software for Medical Packaging's Inc. (MPI) Bar Code-Plus™ suite of packaging solutions is now optimized for use with Microsoft Windows® 7. Designed to increase operational efficiency and reduce medication packaging errors, Pak-EDGE™ UD is optionally integrated with the First DataBank™ drug database and image library and assist the hospital pharmacy with compliance to Joint Commission Standards and National Patient Safety Goals.

Advanced Bar Coding Capabilities and Configurations

1D and 2D Barcode Capabilities including pre-loaded common barcode configurations, optional fields, data elements and delimiters.

Enhanced Tall Man Lettering option searches for every occurrence of the drug and automatically prompts the user to accept Tall Man lettering suggestions.

Automatic Calculation of Default Shelf Life and suggested expiration options for exact day or last day of the month. Calculated date will never exceed the shelf life of the medication.

Advanced Barcode Builder allows user to add fields and delimiters.

Enhanced Security, Password Controls and Reporting

Tiered Security Levels provide additional safety in packaging by establishing password and security controls at three separate levels – Technician, Verifier and Administrator.

Comprehensive Management Reports including:

- Daily Brief
- Daily Detailed Report
- Custom
- Totals

Digital Package Retention Feature retains digital image of package label as it was printed.

Single Drug Library with comprehensive sorting and search capabilities.

Lot Traceability for drugs and materials.

Automatic system back-up feature.

Automatic notification of on-line updates.

Master Drug Formulary Accessing

Centralized Data Repository to add new products and modify existing entries.

Imported Drug Data including:

- Generic Name, Trade Name, Strength, Measure and Form
- Product Name
- NDC #
- Drug ID #
- Manufacturer Name
- Control Number
- Drug Class Code

Label Designer Tool - fully customizable label formats.

- WYSIWYG Editor
- Windows® Fonts
- Default Templates
- Drawing Tools

Label Preview including image.

Drug Formulary Import Tool
